WHO ARE WE?

<Agency Name> is a health and life brokerage that specializes in Medicare. We are absolutely committed to our clients receiving the highest degree of professional guidance, customer service, loyalty, and care. Our dedication to them is well known and has made us a premier and preferred brokerage for Medicare Beneficiaries.

WHY ARE WE HERE?

We can be of great value to your office through a mutually beneficial partnership. We represent many Primary Care Providers (PCP) in the area as a trusted advisor for their Medicare patients. We want to help your patients navigate the confusing world of Medicare, while at the same time, keeping them in a plan that provides the best benefits and permits them to continue coming to their PCP.

1 *Patients aging into Medicare can retain their PCP*

When your patient becomes eligible for Medicare, it is important they select a plan that allows them to continue seeing their PCP. Your assigned Medicare Broker will be familiar and contracted with all the plans accepted by your office. We will ensure your client enrolls in the best plan available to them.

2 *Growing your client base through referrals*

As Medicare Brokers we are constantly helping seniors with their Medicare. They often ask us to recommend a good PCP in the area. Working closely with your office provides us the relationship and confidence to give a good referral to our clients. We have helped many offices grow their business through a referral partnership.

3 *Providing valuable help and resources to your Medicare Patients*

Medicare can be very confusing for our seniors. They are often left to the mercy of the internet or overseas customer service to find answers. At times, they will come to their PCP as a trusted source of information. You can now refer them to a licensed and caring advisor to make sure they receive the help needed.

4 *Patients losing or changing plans can retain their PCP*

Medicare plans can change annually and at times can end suddenly. This could potentially affect your client's ability to stay with your office. We will make sure your client enrolls in a plan that allows them to keep their PCP and gives them the best benefits available.
