

**NEW
FOR 2025**

Introducing the Medicare Prescription Payment Program

Beginning in 2025, all Medicare Part D plan sponsors are required to offer the option of paying for out of pocket medications through capped monthly payments instead of all at once.

If you're eligible for ExtraHelp, the payment program may not be beneficial. I can help you navigate these options and find the best plan for you.

Due to the changes to Part D regulations, insurance companies may need to make changes to their drug formulary and cost structures. Your premium may change. As your local, trusted licensed agent, please call **me** with any questions.

I look forward to serving you!
